

Rater ID and Scenario ID are automatically populated based on the file name.

Response ID is automatically populated based on the sheet name. Each file contains ten sheets, corresponding to the ten responses to be evaluated in a single session.

CGPST Scoring Sheet								
Rater ID	HumanID	Scenario ID	FutureScenarioID	Response ID	A10_FS1			
STEP 1								
Ch-	Yes Challenge	P/W/S/D/B	Elaboration	Originality	Comment			
1	Basic Needs		1	0				
2	Ethics & Morality		2	2				
3	Education		1	2				
4	Psychological Health		0	1				
5		P — Ambiguous						
6		W — Irrelevant to Scenario						
7		S — A Solution to a Chanllenge						
8		B — No Response Provided						
Categories Number	4							
Comment:								
<p>If the challenge has a clear causal relationship with the future scenario, select a category from the dropdown. Otherwise, select an appropriate reason for irrelevance (as shown on the right).</p> <p>Categories Number is automatically calculated as the number of distinct categories.</p>								
Scoring Dimension	Dimension Description					Score		
Fluency	If a challenge is considered plausible and reasonable, it is labeled as a "Yes" challenge, and a category is assigned to it.					4		
Flexibility	The number of different categories involved in "Yes" challenges.					4		
Elaboration	<p>A "Yes" challenge clearly states what the challenge is, why it is noteworthy, and links it to the future scenario.</p> <p>Assign a score of 0, 1, or 2 based on the level of detail in the challenge description.</p>					4		
Originality	<p>A "Yes" challenge demonstrates originality or insightful thinking.</p> <p>Assign a score of 0, 1, or 2 based on the level of creativity.</p>					5		
					Step-1 Total Score	17
